Resolution 28:0809: Week of the School Administrator

The Board recognized the outstanding dedication and professionalism of its administrative staff, both certificated and classified, during the week of March 2, 2009.

School Sites and Departments Visitations

In February and March, Board members visited a number District school sites as part of their yearly visitation program. They also visited the Maintenance and Operations Department and the Transportation Department including the Garage and Bus Yard. A favorite annual event of the Board, Ocean View's teachers and staff look forward to their visits and the opportunity to show off the results of their work.
