November 2009

Dear Parents/Guardians of Students in Ocean View School District:

LOCAL EDUCATIONAL AGENCY IDENTIFIED FOR PROGRAM IMPROVEMENT

The No Child Left Behind (NCLB) Act of 2001 requires all states to create their own high academic standards for what a child should know and be able to do for all grades in English-language arts and mathematics. Every school must improve each year until all students meet these standards. This yearly improvement in school performance, which includes the academic standards and other components, is called Adequate Yearly Progress (AYP).

NCLB also requires the California Department of Education to annually review the performance of each local educational agency (LEA) that receives funds under NCLB, Title I, Part A. An LEA can be a school district or a county office of education. An LEA receiving Title I, Part A funds is identified as a Program Improvement LEA if it does not meet AYP goals for two consecutive years within specific areas, focused primarily on academic achievement in English-language arts and mathematics.

NCLB requires the California Department of Education to inform parents/guardians of students about LEA performance. Ocean View School District has been identified as a Program Improvement LEA. You can find specific achievement data used to make this decision at the District web site for LEA AYP reports (www.ovsd.org). If you do not have access to the Internet, please contact Christine Harrison, Director, Educational Support Service, at the District office and a hard copy of the report will be provided.

As a Program Improvement LEA, our District must:

- Revise our LEA Plan. We must consult with parents and school staff when revising this Plan, which explains how we will use Title I and other funds to improve student achievement.
- Reserve at least ten percent of our annual Title I allocation to provide professional development for teachers and administrators.
- Continue to provide assistance to schools should they be identified for Program Improvement.

How can parents help their school and local educational agency improve?

Here are some suggestions to help you work with your school and LEA to support improvements:

- Learn more about the NCLB requirements and become aware of strategies to improve student academic achievement. Additional information and resources are available at the following web sites:
 - <http://www.cde.ca.gov/sp/sw/t1/titleparta.asp> and <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>
 - <http://www.ed.gov> and <http://www.ed.gov/parents/landing.jhtml>
- Talk with LEA staff about the LEA Plan and the program changes that must be made to help students meet the state standards in reading and mathematics.
- Visit your child's school. You also may participate in voluntary activities to assist your school.

I encourage you to contact Alice Fairchild, Coordinator, Categorical Programs, at the District Office, for further information about any of these requirements and to find out how you can become involved in Program Improvement efforts.

Sincerely,

Alan G. Rasmussen, Ed.D.
Superintendent
