Assistant Superintendent,
Administrative Services

Voter approval of Proposition 98 in November of 1988 requires that each school publish an annual School Accountability Report Card (SARC) to explain school programs, their costs, and effectiveness. In addition, Federal No Child Left Behind legislation requires an annual report of progress in meeting State and National objectives. This annual report is based on the best data available at the time of publication.

Colette Wright, Principal

2008-2009 School Accountability Report Card

Published in 2009-2010

Principal's Message

Welcome to Lake View Elementary School. On behalf of the entire staff, I would like to extend a warm welcome to you and your children. The information included in the School Accountability Report Card will give you an understanding of the workings of our school.

Lake View has a history of high academic achievement. The California Department of Education has recognized us twice as a High Achieving School. Currently, the school is engaged in a partnership with the National Aeronautics and Space Administration to promote math and science education. The school has an established partnership with Time Warner Cable to support technology in the classrooms. We are proud of the accomplishments of each student and continually strive for excellence.

I invite you to become part of the Lake View Team!

Mission Statement

Our school community is diverse and that is its strength. The dedicated efforts of our talented staff, students, parents, and community blend our differences into a common vision - That All Students Achieve Proficiency. Pride in academic excellence is our school motto, but our strength really comes from our diversity. This is where our excellence is born.

District & School Profile

Located in western Orange County, minutes from the scenic California coastline, the Ocean View School District educates 9,503 kindergarten through eighth grade students in the northern half of Huntington Beach and portions of Westminster, Fountain Valley, and Midway City. Founded in 1874, the district is proud of its long tradition of academic excellence. There are currently eleven elementary schools and four middle schools in the district. Students from Ocean View School District attend high schools within the Huntington Beach Union High School District. Award-winning schools, a rigorous and supportive educational program, strong community partnerships, and high levels of parental involvement are hallmarks of the Ocean View School District. Ocean View School District is dedicated to educational excellence and the continuous academic growth of all students, supporting its motto: "Charting the Course -- Success for All."

Lake View Elementary School served 383 students on a traditional school calendar during the 2008-09 school year. Student demographics are illustrated in the chart. The school is proud of its status as a Title I Achieving School, and proud to have met all of its Adequate Yearly Progress (AYP) schoolwide targets for 2008.

Lake View Elementary School is also proud to have been selected as a NASA Explorer School, one of just 50 schools nationwide. The school partnership with NASA provides intensive staff development on-site at the Jet Propulsion Lab, and offers educational opportunities for students in science, math, technology, and engineering.

Student Enrollment by Ethnic Group

2008-09	
	Percentage
African American	1.0%
American Indian	0.0%
Asian	12.3%
Caucasian	31.9%
Filipino	1.3%
Hispanic or Latino	40.2%
Pacific Islander	0.5%
Multiple or No Response	12.8%

Discipline & Climate for Learning

Lake View Elementary School has a high standard for student behavior. Students are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. Behavioral expectations are clearly explained and consistently enforced. Parents and students are informed of discipline policies through the Student Handbook, daily announcements, principal classroom visits, flyers, and newsletters.

Lake View Elementary School values the teaching of good citizenship. The school tries to emphasize the positive and reinforce desired behaviors. We believe we must teach children how to behave rather than how not to behave.

We have developed the school's discipline policy in the best interest of our children by adopting the Positive Behavior Intervention Support program; a schoolwide program used to promote positive behavior.

Parents are encouraged to share their views and concerns, support our goal to set and maintain high standards of conduct, and to develop self-discipline within each child. Lake View Elementary School believes in the right of the teachers to teach without inappropriate interruption. We believe in the right of the student to learn in a safe environment without interruption from other students. Further, we believe that for students to have a most meaningful and successful year, the partnership of school staff, parents, and students will play an integral role.

The Suspensions and Expulsions table displays the percentage of incidents at the school and in the district. Suspension numbers may be inflated because some students may have been suspended multiple times. Expulsions occur only when required by law or when all other alternatives have been exhausted.

	Suspensions & Expulsions					
	School			District		
	06-07	07-08	08-09	06-07	07-08	08-09
Suspension Rate	2.3%	0.0%	1.0%	3.3%	5.0%	4.9%
Expulsion Rate	0.0%	0.0%	0.0%	0.0%	0.0%	0.1%

Student Recognition & Extracurricular Activities

Students demonstrating positive behavior are regularly rewarded. Recognition includes awards at monthly assemblies, individual classroom rewards, Good Guy/Gal Tickets, ticket prize drawings, Student of the Week, and citizenship awards. For other achievements including academics and attendance, students may receive subject area awards in reading, mathematics, science, and social science; perfect attendance awards; and/or be placed in Recognition Hall. The Kiwanis Club sponsors the Terrific Kids and Bringing Up Grades programs.

Lake View Elementary School encourages its students to become actively involved in their school; both inside and out of the classroom. The school offers many additional programs and services to help create well-rounded students and communities. Extracurricular activities include: book fairs, afterschool tutoring, talent show, field trips, music education, K9 Companions, Smoke Signals Indian Culture and Education, Principal's Wall of Fame, Robotics Club, and Good Guy/Gal Cards encouraging random acts of kindness.

Class Size

Lake View Elementary School maintained a schoolwide average class size of 19.3 students and a pupil-to-teacher ratio of 19.2:1 in the 2008-09 school year. The chart illustrates average class size by grade level, as well as the number of classes offered in reference to their enrollment.

	Class Size Distribution											
	Average Class Size			Classrooms Containing:								
	07	08	09	1-20 Students		21-32 Students		33+ Students				
K	20	20	19	1	1	2	-	-	-	-	-	-
1	20	19	20	2	3	2	-	-	-	-	-	-
2	18	20	19	4	2	3	-	-	-	-	-	-
3	20	19	19	4	3	3	-	-	-	-	-	-
4	29	27	27	-	-	-	2	2	2	-	-	-
5	28	33	29	-	-	-	2	-	2	-	2	-
K-3	20	19	19	1	3	2	-	-	-	-	-	-

School Attendance & Enrollment

Regular attendance at Lake View Elementary School is a necessary part of the learning process and is critical to academic success. Attendance, tardy, and truancy policies are clearly stated and consistently enforced. The teachers and office manager proactively address attendance issues before they develop into further problems. In the case of chronic truancy, we contact the home with letters and telephone calls.

In addition, students may be referred to the School Attendance and Review Board (SARB) for further intervention. For each day a student is absent, \$30 is taken from the district's budget by the state. To report a child's absence, parents may call the Absence Line at (714) 596-7083.

The chart illustrates the enrollment trend by grade level for the past three school years.

	Enrollment Trend by Grade Level		
	2006-07	2007-08	2008-09
K	65	63	68
1st	68	69	62
2nd	61	67	61
3rd	64	56	65
4th	67	63	62
5th	63	74	65

Curriculum Development

The writing and implementation of Ocean View School District's curriculum is an ongoing process, designed to address continual instructional improvement and the implementation of state standards and associated adopted instructional materials. Under the leadership of the Deputy Superintendent of Curriculum and Instruction, the Instructional Advisory Network establishes the district's long-range objectives and vision as well as oversees ten subject area Curriculum Committees. Curriculum Committee members, comprised of administrators, teacher representatives, and parents, analyze testing data to determine students' progress in learning the standards, assess the effectiveness of district programs in meeting students' learning needs, evaluate and recommend new programs for implementation, articulate curriculum among grade levels, and develop district assessments. For the 2008-2009 school year, Lake View Elementary School has adopted supplementary math and music programs.

School Facilities & Safety

Lake View Elementary School provides a safe, clean environment for students, staff, and volunteers. Campus grounds encompass approximately 13.7 acres. Facilities include 22 permanent classrooms, four portable classrooms, multi-purpose room, main office, principal's office, lounge, library, food services storage, food services office, lunch area, atrium, and child care room.

Safety

Lake View Elementary School is a closed campus. Signs posted throughout campus entry points direct visitors to check in with the front office. All visitors are required to register and to wear visitor badges during their stay. While visits by parents and community members are welcomed, anyone wishing to be on campus during school hours should notify staff ahead of time. During lunch, breaks, and before and after school, noon duty aides, the principal, and teachers supervise students and monitor the campus.

The Comprehensive Safe School Plan was developed by the district to comply with Senate Bill 187 (SB 187) of 1997. The plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their safe school plans: current status of school crime; child abuse reporting procedures; disaster procedures; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a schoolwide dress code; safe ingress and egress of pupils, parents, and school employees to and from school; safe and orderly school environment; and school rules and procedures. The school evaluates the plan annually and updates it as needed. The plan was last updated in January 2009.

Safety procedures, including elements of the Safe School Plan, are reviewed with school staff at the beginning of each school year.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

School Facility Conditions				
Date of Last Inspection: 10/12/2009				
Overall Summary of School Facility Conditions: Exemplary				
Items Inspected	Facility Component System Status			Deficiency & Remedial Actions Taken or Planned
	Good	Fair	Poor	
Systems (Gas Leaks, Mech/HVAC, Sewer)	X			
Interior	X			
Cleanliness (Overall Cleanliness, Pest/Vermin Infestation)	X			
Electrical	X			
Restrooms/Fountains	X			
Safety (Fire Safety, Hazardous Materials)	X			
Structural (Structural Damage, Roofs)	X			
External (Grounds, Windows, Doors, Gates, Fences)	X			

Maintenance and Repair

Safety concerns are the number one priority of Maintenance and Operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district maintenance staff has indicated that 100% of all toilets on school grounds are in working order.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or at the district office. The site administration team works daily with the custodial staff of three (one full-time and two part-time) to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides State matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2009-10 school year, the district budgeted \$389,000 for the deferred maintenance program. This represents 0.51% of the district's general fund budget.

Deferred Maintenance Projects

For the 2009-10 school year, the district's governing board approved deferred maintenance projects for this school that will result in carpet replacement. The district's complete deferred maintenance plan is available at the district office.

Counseling & Support Staff

The school and district employ qualified personnel to provide support services. An active Student Study Team (SST) meets at least once a week to address issues that affect the ability of a student to perform at his or her best in school.

Using a collaborative approach, members of the SST evaluate and recommend various intervention strategies and services to meet the unique needs of the referred student.

For students at-risk of retention, a Monitor and Assistance Plan (MAP) is created in collaboration with the parent, student, and teacher. The plan outlines intervention strategies and the roles and responsibilities of each participant. The chart illustrates services that are available to students.

Counseling & Support Services Staff		
	Number of Staff	Full Time Equivalent
Adaptive PE Specialist	1	As Needed
Bilingual Aide	2	0.5
Counselor	1	0.4
Health Clerk	1	1.0
Occupational Therapist	1	As Needed
Psychologist	1	1.0
Resource Specialist Program (RSP) Teacher	1	1.0
RSP Aide	1	1.0
Special Day Class (SDC) Teachers	4	4.0
Special Education Aides	12	6.0
Speech and Language Specialist	2	1.5

Using standards-based adopted textbooks and materials, teachers are able to adapt classroom instruction to meet students' unique learning styles. When further assistance is needed for students to achieve grade level standards, several strategies are in place. At Lake View Elementary School, students falling below grade level or at risk of retention receive specialized differentiated instruction. Students in grades two through five may also take part in the Title I Kaleidoscope Program, a three hour afterschool intervention during which students receive reading and math remediation, can work on their homework, and have music instruction.

Individualized Instruction

Lake View Elementary School provides instruction to all students in the least restrictive environment possible. Students with disabilities are accommodated with a variety of options. A team consisting of the parent, school administrator, general education teacher, psychologist, and special education teacher, develops an Individual Education Plan (IEP). The IEP defines the individualized instruction a child will receive which may include services from a Speech and Language Specialist, Resource Specialist, Adaptive Physical Education Specialist, or placement in a Special Day Class. Lake View Elementary School also offers two special classes for severely handicapped students and two classes for students with learning disabilities.

English Language Learners

For students whose primary language is not English and who have limited English proficiency, Ocean View School District offers programs to help them acquire English as quickly as possible and prepare them to meet the state's academic content standards. Students are identified as English Learners through the California English Language Development Test (CELDT). At Lake View Elementary School, students learning English receive 30 minutes of English Language Development daily and are placed with teachers who have supplemental credentials to provide instruction to English Learners.

GATE

Ocean View School District offers the Gifted and Talented Education (GATE) program to students in grades four through eight who have been recognized as capable of attaining high levels of achievement by their teachers and identified through testing programs. At Lake View Elementary School, students in the GATE program are clustered to receive differentiated instruction with increased depth and complexity by GATE-trained teachers. Students in the GATE program also have the option of attending the magnet program at Circle View Elementary School.

Measures of Student Achievement

To obtain accurate and valid measures of educational progress, Ocean View School District offers students multiple opportunities to demonstrate mastery of state and district grade-level standards. Multiple measures of assessment monitor the progress of students and measure the effectiveness of the instructional program. These measures include district assessments, state standardized tests, classroom observation, and report card grades.

In the Ocean View School District, students take a battery of district assessments three times a year. Assessments measure student ability in reading, writing, and math. Results are compiled into an individual Student Assessment Profile/Rubric for each child. Teachers use this information to modify instruction according to a child's needs, recommend interventions to increase the level of achievement, and monitor possible retention candidates.

In addition to District-established performance objectives, the state and federal governments have set standards for student achievement. A school's progress in meeting or exceeding those standards is measured through the results of testing and other criteria. The following sections provide an overview of tests and associated data showing the progress of students at the school and district level, as well as a comparison of that progress to students throughout the state.

California Standards Test

The California Standards Test (CST), a component of the STAR Program, is administered to all students in the spring to assess student performance in relation to the State Content Standards. Student scores are reported as performance levels: Advanced (exceeds state standards), Proficient (meets standards), Basic (approaching standards), Below Basic (below standards), and Far Below Basic (well below standards). The combined percentage of students scoring at the Proficient and Advanced levels in English/Language Arts, Math, Social Science, and Science, for the most recent three-year period, is shown. For results on course specific tests, please see <http://star.cde.ca.gov>.

California Standards Test (CST)									
Subject	School			District			State		
	2007	2008	2009	2007	2008	2009	2007	2008	2009
English/Language Arts	48	54	50	60	63	64	43	46	50
Mathematics	59	69	63	67	69	69	40	43	46
Science	34	46	41	58	68	64	38	46	50
History/Social Science	*	*	*	43	54	55	33	36	41

*Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

California Standards Test (CST)				
Subgroups				
Subject	English/ Language Arts	Mathematics	Science	History/ Social Science
Asian	78	75	*	*
Filipino	*	*	*	*
Hispanic or Latino	35	58	23	*

Students with Disabilities	47	40	15	*
Migrant Education	*	*	*	*

*Scores are not disclosed when fewer than 10 students are tested in a grade level and/or subgroup.

Adequate Yearly Progress

No Child Left Behind (NCLB) is a federal law enacted in January 2002 that reauthorized the Elementary and Secondary Education Act (ESEA). It mandates that all students (including students who are economically disadvantaged, are from racial or ethnic minority groups, have disabilities, or have limited English proficiency) in all grades meet the state academic achievement standards for Mathematics and English/Language Arts by 2014. Schools must demonstrate "Adequate Yearly Progress" (AYP) toward achieving that goal. The Federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) requirements:

- Participation rate on the state's standards-based assessments in English/Language Arts (ELA) and Mathematics.
- Percent proficient on the state's standards-based assessments in ELA and Mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

There are several consequences for schools that do not meet the AYP standards, including additional tutoring and replacing of staff. Students would also be allowed to transfer to schools (within their district) that have met their AYP standards, and the former school would be required to provide the transportation to the new site. Results of school and district performance are displayed in the chart.

Adequate Yearly Progress (AYP)				
Made AYP Overall	School		District	
	English - Language Arts	Mathematics	English - Language Arts	Mathematics
Met AYP Criteria	Yes	Yes	Yes	Yes
Participation Rate	Yes	Yes	Yes	Yes
Percent Proficient	No	Yes	No	No
API School Results	Yes		Yes	
Graduation Rate	N/A		N/A	

Academic Performance Index

The Academic Performance Index (API) is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet.

Statewide Rank: Schools receiving an API Base score are ranked in ten categories of equal size (deciles) from 1 (lowest) to 10 (highest), according to type of school (elementary, middle, or high school).

Similar Schools Rank: Schools also receive a ranking that compares that school to 100 other schools with similar demographic characteristics. Each set of 100 schools is ranked by API score from 1 (lowest) to 10 (highest) to indicate how well the school performed compared to similar schools.

Physical Fitness

In the spring of each year, Lake View Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas. Students that meet or exceed the standards in all six fitness areas are considered to be physically fit or in the "healthy fitness zone" (HFZ).

In 2008-09, 28.1% of fifth grade students at Lake View Elementary School met the standards in all six fitness areas.

Federal Intervention Program

Schools and districts receiving Federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English/Language Arts or Mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in Mathematics, Reading, Science, Writing, the Arts, Civics, Economics, Geography, and U.S. History. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress web page at <http://nces.ed.gov/nationsreportcard/>.

The first table displays the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight by scale score and achievement level.

The second table displays the participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) by students with disabilities and/or English language learners for grades four and eight.

NOTE: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school.

Data Sources

Data within the SARC was provided by Ocean View School District, retrieved from the 2008-09 SARC template, and/or located on Dataquest (<http://data1.cde.ca.gov/dataquest>). Dataquest is a search engine, maintained by the California Department of Education (CDE), which allows the public to search for facts and figures pertaining to schools and districts throughout the state. Among the data available, parents and community members may find information about school performance, test scores, student demographics, staffing, and student misconduct/intervention.

Instructional Materials

Ocean View School District sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support each school's instructional program. Ocean View School District held a Public Hearing on October 6, 2009, and determined that each school within the district has sufficient and good quality textbooks or instructional materials, pursuant to the settlement of *Williams vs. the State of California*. All students, including English learners, are provided their own textbooks, instructional materials, or both, in core subjects for use in the classroom and to take home to complete required homework assignments. All textbooks and instructional materials used within the district are aligned with the California Academic Content Standards and Frameworks and have been selected from the state's most recent list of standards-based materials. The district follows the State Board of Education's six-year adoption cycle for core content materials. The table lists the textbooks currently (as of September 2009) in use.

District-Adopted Textbooks					
Grade Levels	Subject	Publisher	Adoption Year	Sufficient	% Lacking
4th-5th	English Language Development	Hampton Brown	2003	Yes	0.0%
4th-5th	English Language Development	Sopris West	2008	Yes	0.0%

K-5	Science	McGraw-Hill	2009	Yes	0.0%
K-5	Social Science	Harcourt School Publishers	2007	Yes	0.0%

Library Information

Lake View Elementary School's library, staffed by a library specialist, is open four days a week during school hours for student use. Students visit the library on a weekly basis to check out books and use resources. The library uses a fully automated tracking system and contains supplemental materials such as Spanish titles and videos. For additional research materials and Internet availability, students are encouraged to visit the public libraries located in the city of Huntington Beach and surrounding areas, which contain numerous computer workstations.

Computer Resources

The district is committed to providing state-of-the-art technology to all students. Teachers integrate technology into classroom curriculum, following the OVSD Student Technology Standards which are aligned to the National Educational Technology Standards. The school has a Title-I funded computer lab containing 22 computer workstations and a smart board is regularly used in every classroom. All computers on campus are connected to the Internet so that students may conduct research online. Classrooms each have a smartboard and six computers. Lake View Elementary School has two portable labs with 24 computers each. The multipurpose room has a Digital Learning Network System and a smart board. Students use computer resources mainly for writing and research but also take advantage of the Read 180 software program to help improve reading skills. Other technological resources at Lake View Elementary School include digital cameras, TV/VCRs, and Stenteo, a Student Response System.

Computer Resources			
	06-07	07-08	08-09

Classrooms connected to Internet	15	18	18

Additional Internet Access/Public Libraries

For additional research materials and Internet availability, students are encouraged to visit the public libraries located in Orange County, which contain numerous computer workstations. For more information on hours and locations, please visit: <http://www.ocpl.org/>.

Teacher Assignment

For the 2008-09 school year, Lake View Elementary School had 20 fully credentialed teachers in accordance with State of California guidelines.

Teacher misassignments reflect the number of placements within a school for which the certificated employee in the teaching or services position (including positions that involve teaching English learners) does not hold a legally recognized certificate or credential. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year.

Teacher Credential Status				
	School			District
	06-07	07-08	08-09	08-09
Fully Credentialed	22	18	20	440
Without Full Credentials	0	1	0	3

NCLB Compliant Teachers		
	% of Core Academic Courses Taught By NCLB Compliant Teachers	% of Core Academic Courses Taught By Non-NCLB Compliant Teachers
School	100.0%	0.0%
District	100.0%	0.0%
High-Poverty Schools in District	100.0%	0.0%
Low-Poverty Schools in District	100.0%	0.0%

Highly Qualified Teachers

The table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all school in the district, at high-poverty schools in the district, and in low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the CDE website at <http://www.cde.ca.gov/nclb/sr/tq/>.

Staff Development

As part of the growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offers six staff development days to accommodate professional growth opportunities in curriculum, teaching strategies, and methodologies.

Substitute Teachers

Ocean View School District employs qualified substitute teachers, including part-time teachers, retired teachers, and aspiring full-time teachers. About 35-40 percent of district substitutes are fully credentialed; all have a minimum of a bachelor's degree, have passed the California Basic Education Skills Test, and have a 30-day substitute permit. On the rare occasion when a substitute is not available, students receive instruction from a certificated teacher or school administrator.

Teacher Evaluation

A constructive evaluation process is a fundamental element in a sound educational program. Non-tenured teachers are evaluated annually and tenured teachers are evaluated every five years. Evaluations are performed by administrators who have been trained and certified for competency to perform teacher evaluations. Evaluation criteria are modeled after the Stull guidelines for teacher evaluations and include: maintenance of a suitable learning environment; attainment of standards of expected student progress; working staff relationships; professional qualities; instructional techniques and strategies; adherence to curricular objectives; and other duties relevant to the position.

New teachers and teachers not yet fully credentialed are supported by peer coaching and extensive staff development through the Beginning Teacher Support and Assessment (BTSA) program. This program utilizes the district's most effective veteran and knowledgeable teachers who assist with staff development and participate in such exercises as classroom visits, one-on-one meetings, and student work reviews.

Community Involvement

Parents and the community are very supportive of the educational program at Lake View Elementary School. The PTO has made generous contributions of time and money to numerous programs and activities. We are grateful for the many hours contributed by our parent volunteers. The PTO purchased smartboards and new playground equipment for the school.

Parents are encouraged to be involved in their child's education through volunteering in the classroom, participating on organized committees, and attending schoolwide events such as Parent Education Night, Back-to-School Night, Open House, fundraiser assemblies, NASA Explorer events, community events, and award ceremonies. Parents are kept informed of school activities through newsletters, flyers, the school's website, the phone committee, and the school marquee.

School programs are further enriched by strong community partnerships with local businesses and organizations. We forged a partnership with Time Warner to provide state-of-the-art equipment to the school. Each fourth and fifth grade classroom has a 36-inch flat-screen TV. Time Warner also brought in thousands of dollars in cable equipment to enable teachers and students to access instructional information from cable networks. Boeing donated 200 filled backpacks. Lake View also has partnerships with Surf City, Kiwanis Club and North Huntington Futbol Club.

School Site Teacher Salaries

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the California Department of Education has provided average salary data from school districts throughout the state having over 5,000 Average Daily Attendance (ADA).

Average Teacher Salaries	
School & District	
School	\$67,589
District	\$71,616
Percentage of Variation	5.63%
School & State	
All Elementary School Districts	\$67,082
Percentage of Variation	0.75%

Teacher & Administrative Salaries as a Percentage of Total Budget

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of the district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found at the CDE website.

Average Salary Information		
Teachers - Principal - Superintendent		
2007-08		
	District	State
Beginning Teachers	\$38,044	\$41,866
Mid-Range Teachers	\$75,222	\$68,220
Highest Teachers	\$93,741	\$86,536
Elementary School Principals	\$112,059	\$107,858
Middle School Principals	\$117,707	\$111,405
High School Principals	-	\$112,732
Superintendent	\$200,000	\$178,938
Salaries as a Percentage of Total Budget		
Teacher Salaries	46.0%	42.0%
Administrative Salaries	5.0%	6.0%

Expenditures and Services Funded

Ocean View School District spent an average of \$8,185 to educate each student (based on 2007-08 audited financial statements). The chart provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

Expenditures per Pupil	
School	
Total Expenditures Per Pupil	\$4,798
From Restricted Sources	\$435
From Unrestricted Sources	\$4,363
District	
From Unrestricted Sources	\$4,457
Percentage of Variation between School & District	2.11%
State	
From Unrestricted Sources	\$5,512
Percentage of Variation between School & State	20.85%

In addition to general state funding, Ocean View School District receives state and federal funding for the following categorical, special education, and support programs:

- Peer Assistance and Review
- Drug/Alcohol/Tobacco Education Funds
- Educational Technology Assistance
- Federal, ECIA/ESEA/IASA
- Gifted and Talented Education (GATE)
- Home-to-School Transportation
- School Improvement Program
- Special Education Transportation
- Federal, Special Education, Discretionary Grants
- Federal, Special Education Entitlement per UDC
- Economic Impact Aid
- Instructional Materials
- Class Size Reduction
