Summer 2021 Academic Prep Classes

Incoming 9th-12th grade students from public or private schools are welcome to enroll in summer classes designed to review and preview skills for the next level in their academic studies. Classes are voluntary and provide enrichment and skill building. Grades or credits are not awarded, nor is there any promise of placement or progress for Fall enrollment. Classes are taught by credentialed teachers in HBUHSD within these disciplines. Classes are based on enrollment and fees collected.

Does your student qualify for free/reduced lunch? Apply for financial assistance online at www.hbas.edu and receive a 50% discount.

There are no classes offered at MHS or FVHS, however all students are welcome to enroll in any course at any of our campuses.

Refunds will be given up to 72 hours before the start of any class regardless of start date.

Please know that the 2021 Summer Academic Prep classes may be distance learning classes if schools have not yet opened from our current closure. Whether in person or online, our academic prep classes will continue to prepare your students for high school classes and/or success in honors and AP courses.
