January 30, 2018 (Huntington Beach, CA)—The Ocean View School District’s STEAM school, Lake View Elementary, is hosting a New Parent Information and Mathematics Night for all interested families, parents and children, in our communities, including Huntington Beach, Westminster, Fountain Valley, and nearby areas. Launched in fall 2016, our Science, Technology, Engineering, Arts, and Mathematics (STEAM) curriculum gives families a choice in educational programs.

The New Parent Information Session is an interactive video tour, with attendees learning about STEAM school through student-made videos.

You’re invited on February 7!

When: 5:30 p.m. New Parent Information Session – Parents and children interested in attending Lake View for the 2018-2019 school year will participate in an interactive tour of the school. Each STEAM component will be discussed.

6 p.m. Mathematics Night – Attendees, students and families, are engaged in hands-on math games and activities that can be easily recreated at home.

Where: Lake View Elementary, 17451 Zeider Lane in Huntington Beach, CA
