School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019-20)

College View Elementary School is located in the western region of Huntington Beach, and serves students in Transitional Kindergarten through fifth grade, and has a long history of demonstrating high levels of student academic achievement and reducing the achievement gap. We maintain a consistent focus on improving student achievement through our collaborative goal setting and our commitment to on-going professional development. Our highly qualified staff, which includes three Ocean View School District Elementary Teachers of the Year, provide effective standards-based instruction and a positive learning environment for all students. We are very proud that College View houses the district DHH (Deaf and Hard of Hearing) Program, and we offer students, at all grade levels, classes in American Sign Language.

Our commitment to utilize current researched-based programs and teaching strategies allows our staff to provide state of the art instruction and project-based learning opportunities. Our English Language Arts instruction is enhanced by our school-wide reading program, Accelerated Reader. We enthusiastically support our Mathematics instruction with the ST Math Program. All classrooms have access to Chromebooks. As a legacy school, we have partnered with the Los Alamitos Army Base to annually provide our 5th grade students with a one week Science, Technology, Engineering, and Math (STEM) experience.

College View Elementary School has a high standard for student behavior aligned to our PBIS expectations and Restorative Practices guidelines. At College View, we intentionally build relationships with our students based on trust, respect themselves, others, and school property, empathy, and a sense of belonging and community in and out of the classroom. We believe that all students can behave in a safe and appropriate manner. With this in mind, the staff works hard to take a unified approach to social/emotional learning, behavior, and school climate. We continue to implement our Positive Behavior Support Program (PBIS), a research-based, school-wide plan designed to create a safe, secure, pleasant environment. This initiative is meant to reinforce the positive behaviors of students meeting specific behavior expectations as well as support students who need extra assistance to reach the school-wide expectations. We also follow the tenants of Restorative Practices by resolving conflicts and making decisions with those most directly involved. It is important for students to understand how their words and actions affect others and what needs to happen to move forward so the incident doesn't happen in the future. A different character trait is focused on for the first five months, and then the last five months we review the traits again. Our five focus traits are: Be Responsible, Kind, Respectful, Have Perseverance and Integrity. Each trait is defined and taught in detail in both classroom and non-classroom settings, including the playground, lunch benches, bathroom, transition areas, and bus area. Students are recognized for their positive behavior daily, weekly, monthly, and at trimester award assemblies, including monthly visits to the College View Student Store.

The entire staff takes great pride in our school. Our commitment to excellence is prevalent in every aspect of our day, and our community members echo this sentiment. Our school facility is well maintained, clean, and safe. As a matter of pride, our Head Custodian was named the 2016 Custodian of the Year for the State of California. We have Wildcat "Pride" and it shows! College View has a welcoming family atmosphere. All of our children receive an exemplary education while feeling supported socially and emotionally by our compassionate and caring staff. College View Elementary School focuses on preparing all students to become independent learners with the skills and abilities necessary for a successful and productive future. Our high standard of education is facilitated in a safe and enriching learning environment, which is student-centered and directed by teachers who encourage support from home and the community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: 10/2019

All textbooks used in the core curriculum are aligned with the California Content Standards and Frameworks per the adoption process outlined by the state. Once the State Board of Education adopts standards-based instructional materials, the District field tests materials and then adopts according to Board Policy. There are sufficient materials at each school that are used to support core instruction. The adoption cycle has been adhered to and newly adopted materials are readily accessible to all students. All schools use adopted materials and site-specific supplemental resources.

School Facility Conditions and Planned Improvements (Most Recent Year)

In November of 2016, the Ocean View School District (OVSD) passed Measure R, a general obligation bond, in the amount of 169 million dollars. This is the first bond ever passed in the 143 year history of OVSD. The bond program is designed to transform the aging fleet of 1960/1970 era schools into modern, contemporary learning environments. Construction started in late June of 2018 and is anticipated to take approximately eight years to complete ending somewhere in the 2024/2025 school year.

The District currently embraces a systematic approach to maintaining the current facilities to ensure that all schools are clean, safe, and provide an inspirational educational environment for our students to learn, grow, and be challenged. District maintenance and site custodial staff work in a coordinated manner to ensure that the repairs and operational items necessary to keep the schools in good condition are completed in a timely manner. A comprehensive work order system is utilized by school and District staff to communicate both routine and non-routine maintenance requests. Emergency repairs are given the highest priority.

From an operational perspective, the custodian inspects the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One full-time day custodian and one or two part-time evening custodian(s) are assigned to each school site. The day custodian is responsible for:

- Lunch area setup/cleanup
- General grounds maintenance
- Grounds keeping
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principals are in continual communication with the Maintenance and Operations Supervisors and custodial staff concerning maintenance and school safety issues.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19

Mathematics (grades 3-8 and 11)	51	47	57	58	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parent involvement is encouraged and College View offers many opportunities for families to get involved. We have an active, results-orientated and supportive PTA along with a School Site and English Language Advisory Council that allows all community members to offer input and monitor the school goals and expenditures to achieve our growth targets. Stakeholder communication and participation is achieved through a myriad of avenues; District, school, and teacher websites, a Monthly Community Bulletin, phone calls, emails and texts sent through our Aeries Communication system automated message system, Take Home Tuesday Folders, and Peachjar for flyer distribution. Parents are encouraged to be involved in their child's learning experience by volunteering in the classroom, participating in decision-making processes, and attending school events. Contact any school office staff member, teacher, or the PTA President at (714) 847-3505 for more information on how to become involved.

Opportunities to Volunteer:

- Chaperone Field Trips
- Classroom Helper
- Library Helper
- Computer Lab Helper
- Accelerated Reader Facilitator

Committees:

- English Learner Advisory (ELAC) and School Site Councils (SSC)
- Parent Teacher Association (PTA)

School Activities:

- Back to School Night
- Open House
- Student Plays and Primary and Upper Grade Music Performances
- Book Fair, Literacy Night
- Annual Title I Parent Meeting
- Awards Assemblies
- Flag Assemblies
- Talent Show
- Family Nights
- Red Ribbon Week Activities
- Spirit Days
- Anti-Bullying/Character Education Assemblies
- Book Fairs
- Imagination Machine
- Walk Through California and Walk Through Revolution
- Movie Night
- Trunk or Treat

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2019-20)

The Comprehensive School Site Safety Plan was developed for College View Elementary School in collaboration with College View's staff, School Site Council, English Language Advisory Council, local agencies, and the District Office, to fulfill the requirements of Senate Bill 187. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response, procedures for safe arrival and departure from school, sexual harassment, bullying, and dress code policies. The school's most recent school safety plan was reviewed, updated, and discussed with school staff, and our School Site and English Language Advisory Councils on September 26, 2019.

The Comprehensive School Safety Plan is designed to maintain an orderly and purposeful place where students and staff are free to learn and teach without the threat of physical and psychological harm. Annually the plan is reviewed with all stakeholders and edited and revised to reflect the most accurate teacher, student, and community data and information. A school emergency checklist is required each year to assure that all aspects of the plan are updated. Annually we calendar and carry out emergency/disaster drills which include Lockdown and Shelter in Place. We also update the inventory of supplies in the emergency bin; and purchase or replace supplies as needed. Revision of our campus maps is imperative to identify the most efficient emergency routes, alternative emergency routes, and emergency utility shut-offs. Emergency team staff assignments such as: Incident Command, Search and Rescue, Damage Assessment, First Aide Team, Student Release, and Student Supervision are assigned and procedures are rehearsed at our annual Great American Shakeout that occurs in October. We also revise our buddy teacher and buddy student supervision lists. A staff and community resource survey is conducted in September to identify staff and community members with specific skills such as: First Aid, CPR, survival techniques, and individuals who are rescue certified who can be called into action in case of a disaster or earthquake. Stakeholder input is given and reviewed after every emergency drill, and changes are made to improve our emergency response. In addition, our School Safety Plan outlines specific procedures to address bullying that adhere to our District policies and dovetails with our Positive Behavior Intervention and Support (PBIS) Program.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	4.5	4.5	4.5

The days represented above only represent opportunities that ALL teachers participate in throughout the year. District committee work or content area teams training are not calculated in the total above. Elementary has 2 non-student days of training, 1 day of site-based foundational skills training, and 1.5 days to analyze data and develop an action plan totaling 4.5 days for ALL elementary teachers. Middle School also has the 2 non-student days and the 1.5 data days totaling 3.5 days for ALL middle school teachers.

There are two non-student days included in the District calendar that focus on professional learning each year. At elementary sites Wednesdays are modified days. Students are released early to allow time for teachers to focus on professional learning, collaboration, and planning. Two Wednesdays a month are devoted to professional learning and collaboration and the other two Wednesdays are for collaboration and teacher planning. Middle School will have 10 early release Thursdays starting in the 2019-2020 school year to allow for professional learning, collaboration, and planning as well. There are also 1.5 days allotted to each school site to review data and create planned actions based on the data. Other professional learning opportunities are made available for teachers who are representing their school and bringing back information and professional learning provided for school site administrators to bring back and share with staff.

Ocean View School District has a Roadmap that is collaboratively developed with stakeholders. This Roadmap defines the professional development needs of the students and staff across the district. It is also used to develop the Local Control Accountability Plan (LCAP) and School Plans (SPSA). The focus for the professional learning in TK-5 schools has been on Foundational Skills for Literacy, Diagnostic assessments to inform instruction, and using a toolkit of resources to differentiate instruction for all students. In middle school the focus has been on developing and implementing new integrated science units, writing in science, and training teachers to conduct a History-Social Science pilot of instructional materials. All schools have been working on Social-Emotional learning, Positive Behavior Instructional Support (PBIS), and some of the schools have been trained in restorative practices. Throughout the year, teaching staff are provided the opportunity to participate in District-sponsored staff development workshops or training sessions as:

- 1) a supplement to site-based staff development,
- 2) for reinforcement of or follow-up on previous training,
- 3) follow-up training for newly implemented programs/curricula.

Over the past few years, College View staff participated in the following professional staff development activities:

Write From the Beginning Narrative Trainer of Trainers (TK-5)
Smarter Balanced Assessment Training (TK-5)
Write From the Beginning Expository Trainer of Trainers (TK-5)
Technology Teacher Training (TK-5)
McGraw-Hill ELA/ELD Training (TK-5)
