## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2018-19)

Golden View's dedicated staff and supportive community are committed to meeting students' individual needs in a positive and nurturing environment while providing a high quality educational program that incorporates collaboration, communication, creativity, critical thinking, and technology to prepare our students to be successful in the 21st century.

Students also recite the following statement with the morning announcements on a daily basis: "Golden View is a community of good citizens working together and achieving our goals. We are respectful, responsible and safe in all that we do and say."

In addition to an aviary, Golden View is home to the Student Environmental Learning Facility (SELF) or otherwise referred to as our farm. This two-acre fenced area of our campus has farm animals (sheep, goats, chickens, ducks, geese, and turtles). Golden View also has a garden that is shared by all classrooms with over 800 square feet of community garden space. This unique facility provides our students with exceptional opportunities for hands-on learning in taking care of animals, planting seeds according to seasons, observing, maintaining, and cooking with the harvest. Students and teachers utilize the SELF extensively to integrate environmental learning across all curricular areas while promoting social skills. Students have opportunities for after school nature programs, as well as participation in composting and recycling programs across the grade levels. The SELF is a beloved part of our students' elementary school experience and families are encouraged to get involved.

#### District & School Profile

Golden View Elementary School is located in the western region of Huntington Beach and serves students in grades kindergarten through five following a traditional calendar. Golden View also has two Early Kindergarten classes that run from January to June. The Ocean View School District is located in western Orange County and serves over 8,000 students from Pre-kindergarten through eighth grade. Ocean View School District is dedicated to educational excellence and the continuous academic growth of all students, which supports its motto: "Encouraging a Deliberate and Global Education."

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: 10/2018

All textbooks used in the core curriculum are aligned with the California Content Standards and Frameworks per the adoption process outlined by the state. Once the State Board of Education adopts standards-based instructional materials, the District field tests materials and then adopts according to Board Policy. There are sufficient materials at each school that are used to support core instruction. The adoption cycle has been adhered to and newly adopted materials are readily accessible to all students. All schools use adopted materials and site-specific supplemental resources.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

In November of 2016, the Ocean View School District (OVSD) passed Measure R, a general obligation bond, in the amount of 169 million dollars. This is the first bond ever passed in the 143 year history of OVSD. The bond program is designed to transform the aging fleet of 1960/1970 era schools into modern, contemporary learning environments. Construction started in late June of 2018 and is anticipated to take approximately eight years to complete ending somewhere in the 2024/2025 school year.

The District currently embraces a systematic approach to maintaining the current facilities to ensure that all schools are clean, safe, and provide an inspirational educational environment for our students to learn, grow, and be challenged. District maintenance and site custodial staff work in a coordinated manner to ensure that the repairs and operational items necessary to keep the schools in good condition are completed in a timely manner. A comprehensive work order system is utilized by school and District staff to communicate both routine and non-routine maintenance requests. Emergency repairs are given the highest priority.

From an operational perspective, the custodian inspects the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One full-time day custodian and one or two part-time evening custodian(s) are assigned to each school site. The day custodian is responsible for:

- Lunch area setup/cleanup
- General grounds maintenance
- Grounds keeping
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principals are in continual communication with the Maintenance and Operations Supervisors and custodial staff concerning maintenance and school safety issues.

**School Facility Good Repair Status (Most Recent Year)**

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	40.0	45.0	61.0	64.0	48.0	50.0
Mathematics (grades 3-8 and 11)	32.0	38.0	57.0	57.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	194	191	98.45	44.50

Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### Professional Development (Most Recent Three Years)

Ocean View School District has instructional priorities that are the focus for all professional development. Professional development is collaboratively planned with the Ocean View Teachers Association to ensure that it meets the needs of students and staff and that it aligns with the District and State priorities. There are two non-student professional development days each year. There are also five modified Wednesdays for elementary schools that focus on site-specific needs. The first District professional development focused on Depth-of-Knowledge (DOK) levels 3 and 4. Training is interactive and teachers worked collaboratively with colleagues to develop student demonstration lessons to implement throughout the school year. The second non-student training day focused on DOK. At the elementary level, DOK 4 was revisited through the lens of Next Generation Science Standards. OVSD is developing a Twilight Series of professional development that will be offered after school to sustain District initiatives such as Write From the Beginning, Thinking Maps, Depth and Complexity icons, the Writing Continuum, and mathematical practices. As a District, we have a structure that allows us to stay the course and provide ongoing sustainable training.

In 2017-18, Golden View staff participated in the following professional staff development activities:

McGraw-Hill ELA/ELD Training  
Close Reading  
Number Talks  
Depth and Complexity  
Meeting the Needs of English Learners with Disabilities  
Next Generation Science Standards  
OCDE Materials Based Math Training  
SBA Trainer of Trainers  
SBA Training - Elementary  
Thinking Maps  
Write From the Beginning - Expository Trainer of Trainers  
Write From the Beginning - Trainer of Trainers

Throughout the year, teaching staff are provided the opportunity to participate in District-sponsored staff development workshops or training sessions as:

- 1) a supplement to site-based staff development,
- 2) for reinforcement of or follow-up on previous training, or
- 3) follow-up training for newly implemented programs/curricula.

Golden View Elementary School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and District representatives.
