School Accountability Report Card

Reported Using Data from the 2018-19 School Year

Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2019-20)

Year and month in which data were collected: 10/2019

All textbooks used in the core curriculum are aligned with the California Content Standards and Frameworks per the adoption process outlined by the state. Once the State Board of Education adopts standards-based instructional materials, the District field tests materials and then adopts according to Board Policy. There are sufficient materials at each school that are used to support core instruction. The adoption cycle has been adhered to and newly adopted materials are readily accessible to all students. All schools use adopted materials and site-specific supplemental resources.

School Facility Conditions and Planned Improvements (Most Recent Year)

In November of 2016, the Ocean View School District (OVSD) passed Measure R, a general obligation bond, in the amount of 169 million dollars. This is the first bond ever passed in the 143 year history of OVSD. The bond program is designed to transform the aging fleet of 1960/1970 era schools into modern, contemporary learning environments. Construction started in late June of 2018 and is anticipated to take approximately eight years to complete ending somewhere in the 2024/2025 school year.

The District currently embraces a systematic approach to maintaining the current facilities to ensure that all schools are clean, safe, and provide an inspirational educational environment for our students to learn, grow, and be challenged. District maintenance and site custodial staff work in a coordinated manner to ensure that the repairs and operational items necessary to keep the schools in good condition are completed in a timely manner. A comprehensive work order system is utilized by school and District staff to communicate both routine and non-routine maintenance requests. Emergency repairs are given the highest priority.

From an operational perspective, the custodian inspects the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One full-time day custodian and one or two part-time evening custodian(s) are assigned to each school site. The day custodian is responsible for:

- Lunch area setup/cleanup
- General grounds maintenance
- Grounds keeping
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principals are in continual communication with the Maintenance and Operations Supervisors and custodial staff concerning maintenance and school safety issues.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	51	52	57	58	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2019-20)

Parents are encouraged to be involved in their child’s learning experience by volunteering in the classroom, participating in decision-making processes, and attending school events.

Parents stay informed of upcoming events and school activities through AERIES parent portal, weekly emails, text, flyers, parent conferences, phone calls, the school marquee and the school website, Contact any school office staff member at (714) 846-2891 for more information on how to become involved.

Opportunities to Volunteer

- Chaperone Field Trips
- Chaperone School Dances
- Fundraising Activities
- Library Helper

Committees

- English Learner Advisory Council (ELAC)
- Parent Teacher Student Organization (PTSO)
- School Site Council (SSC)

School Activities

School Safety Plan (School Year 2019-20)

The Comprehensive School Site Safety Plan was developed for Spring View Middle School in collaboration with School Site Council, local agencies, and the District Office, to fulfill the requirements of Senate Bill 187. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response, procedures for safe arrival and departure from school, sexual harassment, bullying, and dress code policies. The school’s most recent school safety plan was reviewed, updated, and discussed with school staff in October 2019.

Professional Development (Most Recent Three Years)

Measure	2017-18	2018-19	2019-20
Number of school days dedicated to Staff Development and Continuous Improvement	3.5	3.5	3.5

The days represented above only represent opportunities that ALL teachers participate in throughout the year. District committee work or content area teams training are not calculated in the total above. Elementary has 2 non-student days of training, 1 day of site-based foundational skills training, and 1.5 days to analyze data and develop an action plan totaling 4.5 days for ALL elementary teachers. Middle School also has the 2 non-student days and the 1.5 data days totaling 3.5 days for ALL middle school teachers.

There are two non-student days included in the District calendar that focus on professional learning each year. At elementary sites Wednesdays are modified days. Students are released early to allow time for teachers to focus on professional learning, collaboration, and planning. Two Wednesdays a month are devoted to professional learning and collaboration and the other two Wednesdays are for collaboration and teacher planning. Middle School will have 10 early release Thursdays starting in the 2019-2020 school year to allow for professional learning, collaboration, and planning as well. There are also 1.5 days allotted to each school site to review data and create planned actions based on the data. In addition to the 3.5 days for all middle school staff, content area teachers have received one full day of training to support program implementation. In 2017-18 Language Arts teachers had one day, in 2018-19 History Social Science and Science had one day and 2019-202 Science teachers will have one day. Other professional learning opportunities are made available for teachers who are representing their school and bringing back information and professional learning provided for school site administrators to bring back and share with staff.

Ocean View School District has a Roadmap that is collaboratively developed with stakeholders. This Roadmap defines the professional development needs of the students and staff across the district. It is also used to develop the Local Control Accountability Plan (LCAP) and School Plans (SPSA). The focus for the professional learning in TK-5 schools has been on Foundational Skills for Literacy, Diagnostic assessments to inform instruction, and using a toolkit of resources to differentiate instruction for all students. In middle school the focus has been on developing and implementing new integrated science units, writing in science, and training teachers to conduct a History-Social Science pilot of instructional materials. All schools have been working on Social-Emotional learning, Positive Behavior Instructional Support (PBIS), and some of the schools have been trained in restorative practices.

Throughout the year, teaching staff are provided the opportunity to participate in District-sponsored staff development workshops or training sessions as

- 1) a supplement to site-based staff development,
- 2) for reinforcement of or follow-up on previous training, or
- 3) follow-up training for newly implemented programs/curricula.
