EARLY LITERACY-MATH PROGRAM RETURNS TO OCEAN VIEW SCHOOL DISTRICT

New Learning Link Sessions Continue This Friday, April 26, through June 14, 2019

HUNTINGTON BEACH, CA, April 25, 2019—The Ocean View School District Board of Trustees is bringing Learning Link, an early literacy and math program, back to Oak View Preschool in Huntington Beach. The Learning Link Child and Guardian Lab is open free of cost to community members and their children, ages 0-5. Sessions continue at Oak View Preschool in Room 11 on the following Fridays, 9:00 to 10:30 a.m.: April 26, May 10, May 24, May 31, and June 14.

Learning Link is provided in partnership with the Orange County First Five Children and Families Commission and Think Together, a Santa Ana-based non-profit focused on helping schools, children, families, and communities. The goal of the program is to provide an accessible and creative learning environment that helps prepare young children for Kindergarten and teaches parents to become their child's first teacher.

Photo from first April session of Learning Link at Oak View Preschool in the Ocean View School District.

Learning Link improves early childhood development by providing various developmentally appropriate learning stations for children and parents to participate in, as well as educational toys to stimulate children's minds and encourage parent/child dialogue and interaction. Center activities consist of art projects, fine/gross motor development activities, STEM activities, a culturally and linguistically diverse library, language development activities, health information, and a specific environment for infants.

Oak View Preschool is located at 17131 Emerald Lane in Huntington Beach. Learning Link programs are provided in an interactive classroom setting to allow for open, flexible schedules. Interested families can contact [Oak View Preschool](#) for more information at (714) 843-6938.
