Annual Financial Audit Report

The independent auditor for OVSD, Eide Bailly LLP, presented the Board with its annual Financial Audit Report and Building Fund Measure R report. The Board was advised that there were no audit findings related to the District's Annual Financial Report ending June 30, 2019, nor were there any findings related to the financial and performance audits for the Building Fund Measure R report.

Guide Dogs of America

Hope View teacher Holly Sjogren introduced her special dogs that have been in training to be Guide Dogs. Holly is a volunteer puppy raiser for Guide Dogs of America, and three years ago she incorporated her work with guide dogs into her classroom at Hope View. Holly is on her third dog-in-training in three years ~ they have all been embraced by the staff and students at Hope View! The puppies have positively impacted the school in many ways, but especially through Social Emotional Learning and PBIS. About half of the puppies that are trained end up being certified guide dogs and others go on to be therapy dogs or work with law enforcement. Holly's dogs are so popular that they have their own social media presence. You can follow @hopeviewharry on instagram and @keepingupwithkeeper on facebook.

California School Dashboard

Dr. Julianne Hoefler, Assistant Superintendent of Educational Services, provided the Board with a detailed analysis of CA School Dashboard state indicators for chronic absenteeism, suspensions, English language arts achievement, mathematics achievement, and English learner progress for the 2018-2019 school year. Construction Update

Dr. Michael Conroy, Deputy Superintendent, presented interior floor designs and exterior paint design for the College View modernization project. He also shared photos of the new electronic marquees that have been installed at the Central Kitchen and Oak, Lake, Hope, and Harbour View Schools. Districtwide standards for marquee hours of operation were discussed. [View the update here.](#)
