## Update on Distance Learning & School Closure

During our virtual Board Meeting, Superintendent Dr. Carol Hansen provided the Trustees with a presentation regarding the successful launch and status of our Distance Learning program. Distance Learning is defined as instruction in which the teacher and student are in different locations. She praised our teachers, teachers on special assignment, and administrators, for their outstanding work in getting this program off the ground. The report included sample daily structure for students

and teachers, etiquette for Distance Learning, Home Learning Resources, and more. [View the presentation here.](#)

In addition, the Board praised OVSD staff for their work during this time of school closure. They commended staff for distributing over 2,100 chromebooks, providing over 40,000 meals in less than three weeks, ensuring work spaces are sanitized for essential staff that must come to work, kicking off Distance Learning and connecting with families to ensure that students have the necessary access and directions to successfully engage in Distance Learning.

## Distance Learning in OVSD
