Questions:

Enequina: How will school placements work for 8th graders going into high schools?

- There are discussions going on regarding what this will look like however no decisions have been made. It is an area that we just don't know yet but the entire STATE is in the same position, OVSD is not alone. OVSD must communicate with HBHSD in order to properly place students so they are placed successfully in the correct classes.

Lorena: How do parents get help with Distance Learning and Class?

- Please first reach out to your teacher and then reach out to your principal. We have also instructed our EL Staff to begin reaching out to families that are not online yet. If the teacher & Administrator cannot help, they will reach out to get that family help as needed.
